A Wonderful Time at Maggio Restaurant

23rd March, 20XX

Posted at 22:30

I went for dinner at Maggio Restaurant with my parents and my grandma tonight. This restaurant is one of the most popular restaurants in Mong Kok. It serves Italian food and the food is inexpensive. We arrived there at 6 p.m. It was still early for dinner so we didn't have to wait for a table.

I like the environment of the restaurant. The restaurant is small but it has nice decorations. There are a lot of paintings of flowers on the wall. The waiters were **pleasant** too. They had a cheerful smile on their face all the time.

The food was great as well. Everything we ordered was delicious. The dishes were big enough too! We ordered spaghetti with meat balls. The meat balls were as big as tennis balls! They were very crunchy. Another dish we ordered was prawn salad with seafood sauce. The prawns were huge, fresh and juicy. We also had a pizza and a dessert. We tried a pizza called Roman Heaven. There were many tomato and bacon pieces on the pizza. It was very crispy and cheesy! The chocolate waffle with ice cream was good. The ice cream was very creamy.

We spent \$520 for the dinner. It was quite cheap! We'll surely go to this restaurant again.
