Subject:	My friends at school

Dear William,

How are you? I have just finished my school exam and I am going to have my Christmas holiday next week. I will go camping with my classmates at Christmas. I hope we will enjoy being with (1) ( one another / each other ) at the camp.

I have many good friends at school. Let me tell you more about them! Danny is my best friend. He is a good boy and I like him a lot! He always helps his mum do the housework. He tidies his room by (2) ( myself / himself / herself ) every Saturday. He is also good to his little sister. He helps her tie her shoelaces because she is too small to do it by (3) ( himself / herself / themselves ). Danny and his little sister always share food and toys with (4) ( each other / one another ) as well.

Joe and Tony are my teammates in the Football Team. They talk a lot and are sometimes naughty. We often chat with (5) ( each other / one another ) during recess and after school. After each football training, we change our PE uniforms by (6) ( yourself / ourselves / themselves ) because they are very dirty. Although we are good friends, we sometimes argue with (7) ( each other / one another ). Yesterday, Tony and I quarrelled with (8) ( each other / one another ) because Tony forgot to return my favourite spinning top to me again!

You told me that you and your elder brother study at the same school. Do both of you go to school by (9) ( ourselves / yourself / yourselves ) every day?

Please write soon!

Best,  
Jimmy

**A Visit to Animal Wonderland**

I visit Animal Wonderland last week. It was great fun! I liked the monkeys best. They were so much clever. One of them even hid some bananas from the others. It was put the bananas between two big rocks!

However, some visitors did not behaved well. At the entrance, many people lined up to entering the zoo. Suddenly, a man and a woman jumped the queue! Also, a group of students talked noisy. They were so impolitely!
