

**HONG KONG EDUCATIONAL PUBLISHING COMPANY**

e-Book Reader  
Startup Guide

## 1. Introduction

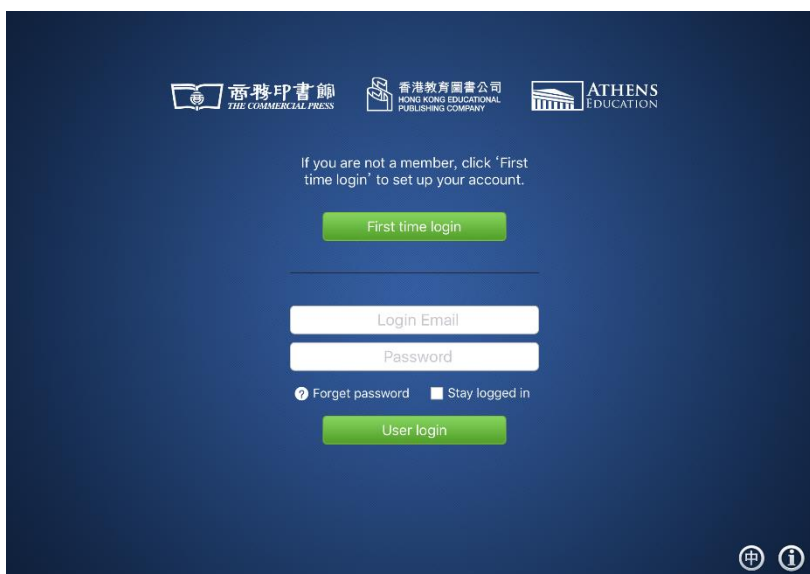

To support e-learning development scheme in schools, Hong Kong Educational Publishing Company launched an e-book Reader with the latest reading tool, which can be used on school / personal computer and tablet. The e-book Reader provides personalized functions for self-learning purposes.

### Functions

- Compatible with iOS and Windows O/S.
- Support offline reading and online e-book updating.
- Equipped with personalized annotation tools, voice recording, notes and bookmark function.
- Link to related teaching and learning e-Resource.

## 2. Download and Login

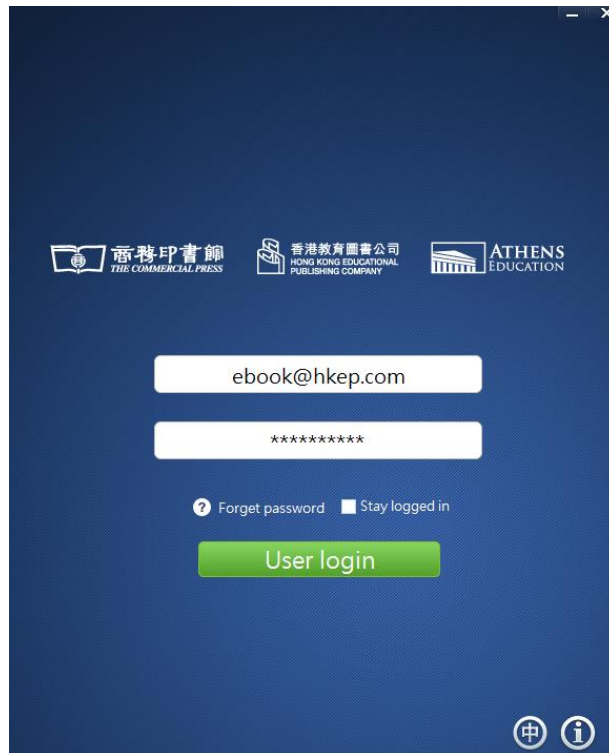

The HKEP Ebook Reader can be downloaded from iTunes Appstore or from the URL: [http://www.hkep.com/ebook\\_reader/dl.html](http://www.hkep.com/ebook_reader/dl.html) . After installation, the following screen will be displayed on your ipad or PC:

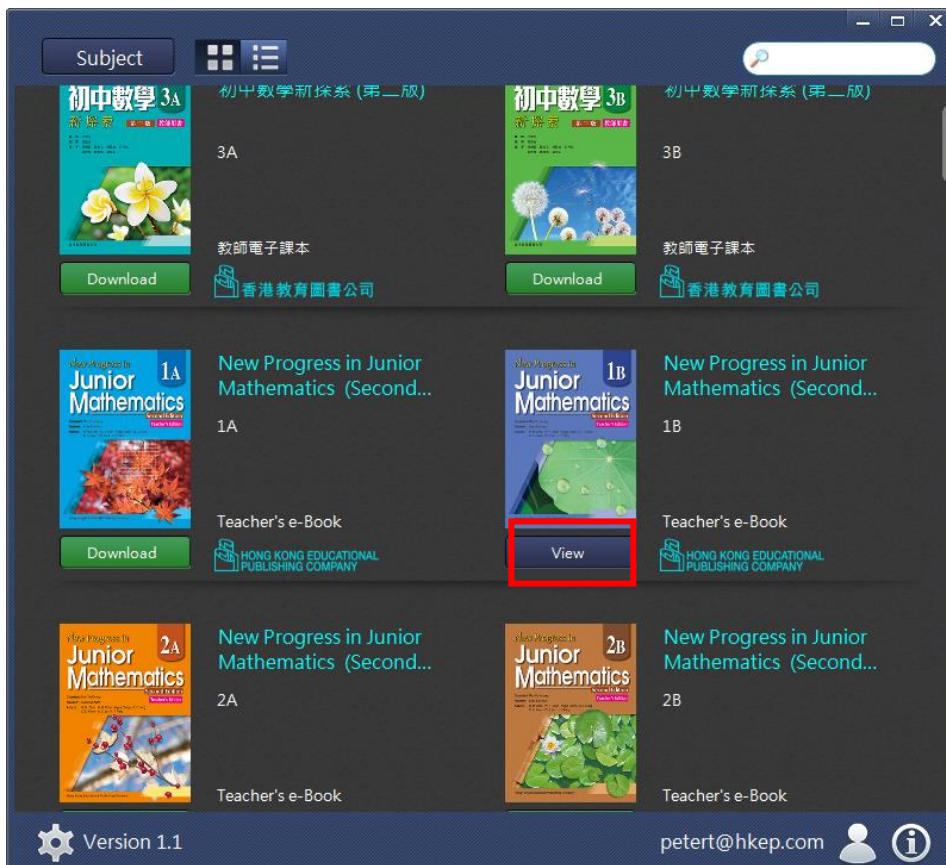

You may enter the username and password which are provided by the Hong Kong Educational Publishing Company.

First, clicking 'First time login' to set up account if you have received the activation code.

Then, login again by entering the username and password.

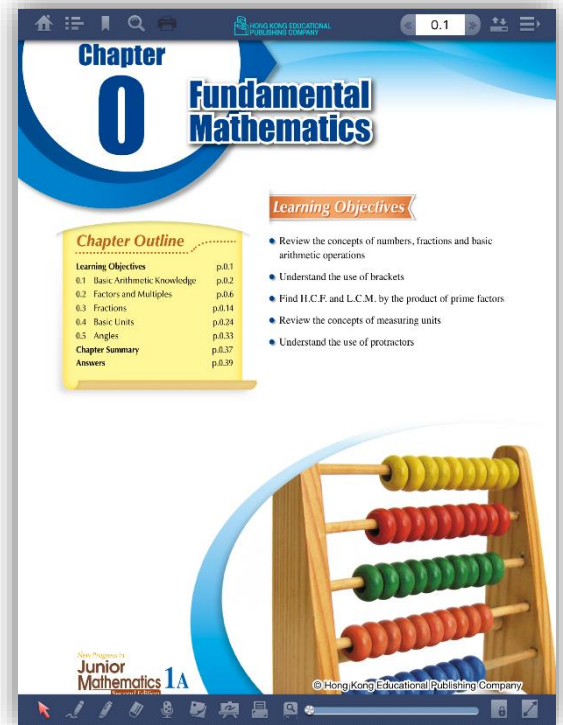

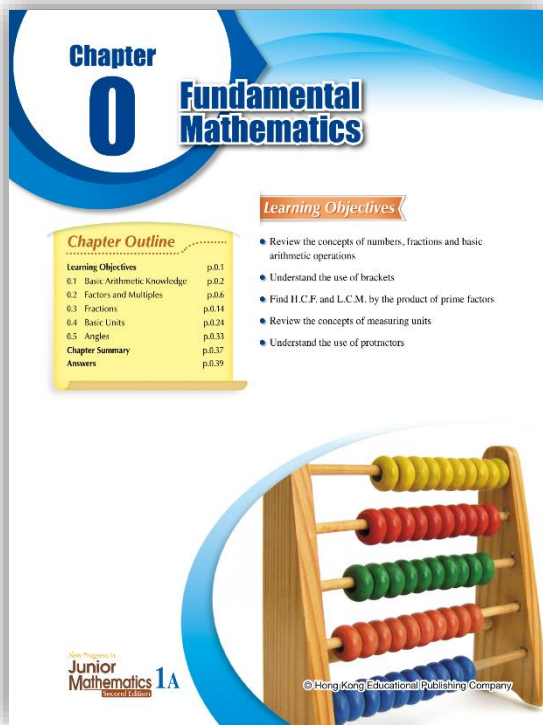

Upon successful login, users will see books on the e-book shelf. If this is the first time you logging into the e-book shelf, click '**Download**' to download the e-book to the computer or tablet.

After downloading, click 'View' to open the e-book.

3. The latest e-book Reader has personalized annotation tools. Users can show or hide the toolbars by clicking the view with two fingers at the same time.

(For the detailed function introduction, please refer to the e-Book Reader User Guide .)
