

Pooi Kei Life is so sweet!

Pooi Kei Life is so sweet

Pooikei life is so sweet. There are many fun fairs in Stewards Pooikei Primary school, for example Math fun fair, English fun fairs, Chinese day and Art day and etc. These fun fairs instead of classroom lessons are good for me because we can play and learn, we don't have to sit like a statue.

I feel great because the teachers are generous to us. Mrs. Lam will give us homemade cakes and she teaches us how to make origami animals. Miss Wong gives us small gift when we have good results in our test and exam. Mr. Lee is our class teacher. He is a special teacher,

because he uses funny stories to let us understand the subject e.g. Math and General Studies. Miss Christine encourages us to reading. Every alternate week she asks us to return our old books and borrow new books. These books are interesting such as "Dogs Dairy".

Our school has a lot of free time activities; we can choose the activities we like. For example, reading, skipping rope, chat with friends, playing hopscotch and playing computer and etc. Therefore, we can have a fruitful life in Stewards Pooi Kei Primary School.

By Dino Tsui

We should respect the teachers and thanks for them

- λ For example, don't be naughty and make teacher shout.
- λ We should thank our teachers their hard work.
- λ And do our best.
