Subject: The new shopping centre

Hi Kelvin,

Alan, Harry and I want to go to the new shopping centre near the library this Sunday. Do you want to join us?

The shopping centre has eight floors. There are a lot of shops and restaurants inside. Alan wants to try the famous dim sum and other Chinese food from

5 Palace Restaurant on the second floor. I want to go to Evergreen Bookshop on the fifth floor. It is the only bookshop in the shopping centre, but you can find all kinds of books there. I want to get some comics and storybooks for my brother. There is a large cinema on the third floor. It has discounts for students. We can buy tickets and popcorn at a lower price. Harry wants to see

10 *Toy Life* there after lunch.

We plan to meet at the bus stop outside our school at 11:30 a.m. Bus 80C goes straight to the shopping centre. I hope you can come. Let me know.

1 Some, a lot of, any

- Are there a lot of sausages?
 Are there any sausages?
- Is there any any rice?

-
- Yes, there is
- any
- fried rice.
-
-
- Yes, there is
- some
- fried rice.

解構

先辨識句子類型，題 1 是疑問句，因此應配上 **any**；題 2 是肯定句，可選用 **some** (一些) 或 **a lot of** (很多)，圖片顯示只有少許炒飯，因此用 **some**。

向扣分 say NO!

用 Is there any / Are there any 時，留意後面是可數還是不可數名詞。

Is there any + 不可數名詞 (uncountable noun)	e.g. Is there any <u>water</u> ?
Are there any + 可數名詞 (countable noun)	e.g. Are there any <u>eggs</u> ?

2 有關價格的問題 Questions about prices

- How much are the schoolbag?
 How much is the schoolbag?
- It is one hundred dollars **\$170**
seventy .
 It is one hundred seventy
dollars .

解構

題 1 schoolbag (書包) 是單數，因此應配上 **How much is**；題 2 dollars (元) 應放在整個數值後面來表示「元」的金額，所以答案是 **one hundred seventy dollars** (一百七十元)。

向扣分 say NO!

回答有關價格的問題時，留意數字的拼寫。

30	thirty	40	forty	50	fifty	60	sixty
70	seventy	80	eighty	90	ninety	100	one hundred
